Letter via the Editor

I know you are really anxious for your child to do well, but please remember that amongst the students who will be sitting in their class.. There is an artist, who doesn't need to understand math.

There is an entrepreneur, who doesn't care about history or English literature.

There is a musician, who's chemistry marks won't matter. There is an athlete, physical fitness is more important than physics...

But... if he or she doesn't, please don't take away their self confidence and dignity.

Tell them it's ok, they are cut out for much bigger things in life. Tell them no matter what they score in tests, you will not judge them. Please do this and when you do, watch your children conquer the world.

Low marks won't take their dreams away.
Unknown.

PBCPA

PLETTENBERG BAY CRIME PREVENTION ASSOCIATION

27/12/2023

Humungous shout out to SAPS CPU Officers Sergeant X Lumko, Constable S Nonganga and Constable TW Tsibani with the successful execution of a drug operation yesterday. They confiscated 910 Mandrax Tablets, cash & smaller quantities of various other drugs. These officers dedication and commitment towards crime prevention is outstanding. We commend them for their resilient fight against drug distribution.

Working together towards the greater good of Bitou's residents.

Yours in security

Otto Olivier

WWW.HELLOPLETT.CO.ZA

Strandloper Project

Marine Wildlife Strandings in the Garden Route.

If, while enjoying your time on the beach and shoreline, you encounter a stranded species of marine wildlife, please contact your local Marine Stranding organization.

WHAT TO DO IF YOU FIND A TURTLE.

- 1) Do not return it to the ocean. It has stranded as it is either weak, ill, tired or has ingested plastic.
- 2) Do not place it in a container of water. Turtles are air breathing and can drown if weak and tired.
- 3) Keep it in a dry, ventilated and room temperature box, preferably placing the turtle on a towel.
- 4) Contact the turtle rescue number or the local marine stranding organization.
- 5) Get a location pin.

WHAT TO DO IF YOU FIND A LIVE SEAL.

- 1) Do not try and chase it into the water - it is either tired, undernourished or weak and wants to rest.
- 2) Create a safe zone around it and prevent dogs and crowds from approaching it.
- 3) Call your local marine stranding organization.
- 4) Take a location pin to share with the rescuers.

WHAT TO DO IF YOU FIND A PENGUIN

- 1) Do not try and chase it into the water - it is either tired, undernourished or weak and wants to rest.
- 2) Create a safe zone around it and prevent dogs and crowds from approaching it.
- 3) Call your local marine stranding organization.
- 4) Take a location pin to share with the rescuers.
- 5) After you have spoken to a marine animal rescuer, and they request you to collect the Penguin, follow their instructions on how to handle it and where to take it.

Please be aware that they have extremely sharp beaks and need to be handled with care and cautiously.

WHAT TO DO IF YOU FIND A DOLPHIN

- 1) Check for any obvious injuries.
- 2) Report to the local marine stranding organization and provide a detailed report of condition and location.
- 3) Unless advised by the stranding organization, do not attempt to return the dolphin to the ocean. Keep it cool by placing wet towels over it and wetting the towels about every 10 minutes.
- 4) Reduce any stress from dogs and crowds.

* Plett area - Plett Stranding Hotline - +27 79 463 4837. * Nature's Valley : Nature's Valley Trust- 044 531 6820

A word fitly spoken is like APPLES OF GOLD in a setting of silver - Proverbs 25v11

For most of us we associate wheat/maize farming with tractors ploughing vast fields, then sowing the seeds and finally, reaping the crop with huge combine harvesters. However, 2000 years ago in Israel, farming was labour intensive and on a small scale. Because the area was limestone ground, rocks had first to be removed by hand and piled in a heap before ploughing could commence. Then oxen would pull primitive ploughs to ready the field for planting. Sowing the fields was by hand and was an inefficient and laborious method and even the most skilled farmer would find as he scattered the seeds some would fall among the rocks and along the hard paths in the fields. Jesus told a story known as the Parable of the Sower to explain an important spiritual truth for His hearers and us that the seed is the Word of God and the different soils are mankind's hearts. Today we start with the soil which had become a hard path as people walked through the field. Luke 8v5: "A farmer went out to sow his seed. As he was scattering the seed, some fell along the path; it was trampled on, and the birds ate it up". The explanation of this parable is in verse 12: "Those along the path are the ones who hear, and then the devil comes and takes away the word from their hearts, so that they may not believe and be saved". This is very sad, but the reality is that many hearts have become hardened to spiritual matters because of the traffic of feet trampling over their lives. What are these feet? They can be materialism, secularism, celebrity worship, tragedy and anything that keeps our minds and hearts away from God. But God is not thwarted as we read in 2 Peter 3v9: "The Lord is patient with you, not wanting anyone to perish, but everyone to come to repentance". Just like the Jewish farmer would in the following years plough the hard path, the good news is that though our loved one's hearts may

now be hardened, our heavenly farmer may still intervene and plough their path in the future so the Word of God can take root. Friends if God has already intervened in your life by ploughing your hard heart and the seed of God's Word has germinated in your life, your present heart is one of the three other soils in this parable which we will look at over the next few weeks. Amen, Graeme Greenwood
