REGULATIONS FOR DOGS ON BEACHES

Non compliance a problem

PAWS is concerned to note that many people are still ignoring the new regulations for dogs on beaches. Dr Mark Brown and the Nature's Valley Trust (NVT) #SharetheShores initiative came up with a win-win solution aimed at protecting our wildlife on beaches, maintaining our blue-flag beaches and accommodating beach goers and dog walkers.

It is disappointing to note that some people are still walking dogs leash free on the sensitive Lookout Beach where NVT have been trying to protect the breeding grounds of White-fronted Plovers, African Black Oyster Catchers and other species. NVT's analysis of the breeding success rate of the vulnerable White-fronted Plover has shown an increase on both Lookout (from 12,7% to 14,3%) and Nature's Valley (from 15,2% to 30,5%), from

the previous season. NVT are grateful to those who are complying with the new regulations PAWS supports these regulations as they are designed to accommodate everyone's needs and we appeal to everyone to respect our bye laws to avoid stricter regulations.

The following information was supplied by PAWS and NVT:

DIFFERENTLY-ABLED AWARENESS CAMPAIGN - DISABLE PARKING FINES AND STICKERS

Please note that if you are either temporarily or permanently disabled and do not have a sticker on your vehicle you WILL get a fine. Our traffic Officers are very much aware of the frustration of those who genuinely need a Disable Parking Bay but find that some selfish individual who is perfectly normal will take a chance and be parked in the bay that the Differently-abled so desperately need.

THE PROCEDURE IS : Collect the necessary form at the Traffic Office located at 1 Park Lane, opposite the fire station. Take the form to your doctor for completion and signature, this is important as he needs to give a current overview of your condition. Take the form to the Cashier at the Municipal offices on the 2nd floor (old Standard Bank premises) Mellville's Centre and pay R109. Go back to Park Lane with your completed form and receipt to collect your sticker. If you cannot go through all the above steps, let someone assist you but your application will not be considered if you do not have a genuine assessment through your doctor. Hope this will assist you, you MUST have that sticker on your windscreen, it takes too much time and energy trying to get out of the fine afterwards. The Traffic officers will adhere to the Traffic Regulations and we, the public must respect their responsibilities, they are, after all also there to protect the Differently-abled from selfish, uncaring people. If you need any further advice, you are welcome to call The Differently-abled Awareness Campaign Rita van Rensburg/Hardaker 082 5602 606

Children's Fear

As adults, we know that life can sometimes seem like a maze filled with danger, anxiety, disaster and heartache lurking around every corner. Almost every day we are faced with situations that elicit fear, of varying degree. Fortunately, as adults we have acquired tools to understand and regulate these fears. These tools however are not developed in adulthood. At 4 months, babies can already distinguish between different emotions; and at age 5, children become aware that emotions, such as fear, can be regulated.

But how is your child regulating fear?

And how can you help?

You can begin by talking to them about fear. This is important, as your child will feel supported and safe. Ideally, fear should be acknowledged, regulated and released. Talking about fear in this way also gives you the opportunity to determine how serious or concerning their fear is - only fears that persist or interfere with a child's life should be considered abnormal.

Typical fears according to developmental stages:

Toddlers: separation, noises, falling, animals and insects, using the potty,

bathing and bedtime.

Pre-school children: fear of animals and insects, monsters and ghosts, getting lost, divorce, loss of a parent, and bedtime.

Primary school children: separation, noises, falling, new situations (especially starting school) and bedtime in younger children; social rejection, war, new situations, and burglars in older children.

Adolescents: burglars, new situations (going to college, etc.), war, divorce, and sexual relations.

You can support your child by respecting and listening to their feelings and fears. Allow them to describe and explain the fear, without judging or disregarding their experience.

Teach your children how to deal with fear - start off by acknowledging it. Regardless of what they are afraid of and why, to them it is real. Emphasise that it's not wrong to be afraid or fearful. In an appropriate context, explain to your children how you as an adult can relate to feeling unsure, scared or fearful.

Understand the fear - fear is ultimately a way or need to protect yourself from a potential risk, and an attempt to take care of yourself. Fear tells you that something doesn't feel or isn't right.

Try not to be overprotective by allowing your child to avoid all of the things that they are afraid of. And try not to overreact - this might reinforce and worsen the fear. However, avoid forcing your child to face their fears - a hidden threat may still be present.

Determine the level or seriousness of the fear. If your child's fear is persistent, influences their functioning, elicits concerning behaviour such as bedwetting/soiling, avoidance, panic, recurring nightmares, to name a few - ask for help.

Be aware of potential risks and sources of fear in and around your home, school and social environments. Do as much as you can to provide your child with a safe and comfortable space wherever they may be. They deserve it.

APPLES OF GOLD

A word fitly spoken is like Apples of Gold
in a setting of silver-Proverbs 25v11

The Bible has much to say about words
and how they have either positive or
negative impact. The apostle Paul writing
to Christians instructs us to exercise
discretion in our use of words

Let your speech always be with grace, as
though seasoned with salt, so that you will
know how you should respond to each
person-Colossians 4v6

Words can bring so much comfort,
encouragement, guidance and love. But if
we need to say hard things it must never
be in anger or to destroy others as the
Bible tells us

Speaking the truth in love-Ephesians 4v16
The Apostle James had to reprimand the
early Christians for being spiritual
'chameleons' and we need to take note of
what he said

With the tongue we praise our Lord and
Father and with it we curse human beings,
who have been made in God's like-
ness. Out of the same mouth come praise
and cursing. My brothers and sisters, this
should not be-James 3v9

We all have vivid memories of the
devastating fires that destroyed so much of
our beautiful area a couple of years ago
and James compares our tongue to a spark
that sets a forest on fire

The tongue is a small part of the body, but
it makes great boasts. Consider what a
great forest is set on fire by a small
spark-James 3v5

If we are a genuine Christian we must have
a sincere desire to control our tongue. We
can only do this if we allow the Holy Spirit
who indwells every genuine believer to
change us and the evidence is

The fruit of the Spirit is love, joy, peace,
patience, kindness, goodness,
faithfulness, gentleness, self-control-
Galatians 5v22

We quench the Holy Spirit by not allowing
Him freedom to do His work in our lives

and bring forth Godly fruit. We grieve the
Holy Spirit by unholy talk and lifestyle.
The best New Year resolution we can
make is to have a 'new tongue'
But now you also, put them all
aside: anger, wrath, malice,
slander and abusive speech from your
mouth. Do not lie to one another, since
you laid aside the old self with
its evil practices-Colossians 3v8
God Bless Graeme Greenwood

The 176 000 hectare
Greater Addo Elephant National Park
is the third largest National Park
in Southern Africa.

The variety of wildlife found in the Park
is astounding, with 417 species of birds,
95 kinds of mammals, including the Big 5
and of course the 600 elephants
that roam there,
it is an absolute treat for nature lovers.

MORNING GAME DRIVE

*Collection from Guest House in Summer-
Strand P.E between 06h00 - 06h30*

Duration of Game Drive 07h00 - 12h00
We enter the Park through the Addo
Colchester Gate, Camp Matyholweni.
The first few hours are good to see ante-
lope, zebra and some of the cats. Between
09h00 and 09h30 we serve a delicious
continental breakfast in the picnic area.
Usually one has good sightings
of elephants and buffalo after 10h00
nearer the waterholes. We return to the
Gate around 12h00 and then back to the
Guest House. Refreshments are available
throughout the drive.

AFTERNOON GAME DRIVE

*Collection from Guest House in Summer-
Strand P.E between 13h00 - 13h30*

Duration of Game Drive 14h00 - 18h00
We enter the Park through the Addo
Colchester Gate, Camp Matyholweni.
The early afternoon is good for elephant
and buffalo sightings, near the water holes,
as well as some antelope and zebra. We
stop mid-afternoon at a disembarkment
point or picnic area for teas, coffee,
refreshments, scones and snacks. The
latter part of the afternoon is usually good
for antelope and the illusive rhino.
The Park has thick bush and offers an
abundance of birds, tortoise, dung beetles
and other creatures.

very knowledgeable guides.
