Week 11

UnCommon Sense

By Rose Scott

Family Values

Working away from my home base recently gave me a fresh perspective on family life. When at home most people have a to-do list is never ending – even after a day's work and daily chores are done there is a multitude of "nice to have" tasks that we have on our mind. Projects with a measurable outcome so often take preference over family time. The sense of satisfaction from achieving a goal is as addictive as any substance. Being remote from the pre-occupation with household tasks has given me the time to focus on what is really important. Children grow up faster than we realise – a phenomenon that is often overlooked. In retrospect one is left to wonder at what has happened to those "missing" years. Like any worthwhile endeavour family life requires the development of a core of principles. Teaching children to value being part of something greater than the "sum of its parts" can only be achieved by living this. Most of us are usually in a rush. Slowing the pace to accommodate other people's needs may feel like a chore! The depth of delight at simply watching your children at play interacting with family in the kitchen, or a parent preparing a cup of tea is something that no intellectual or physical achievement can outshine. Physical affection from loved ones is priceless!

I hope that those of you blessed with a family – large or small – find time to BE with them this week and commit to "achieving" nothing more than appreciating the VALUE of the treasure that surrounds you. After long enforced lockdowns many have lost the appreciation of these times that are the true legacy we leave behind. If "familiarity has bred contempt" with those closest to you, take a deep breath and dedicate time and energy to recreate some of the magical moments that were so precious before the pandemic.

There is a definite increased optimism in the air in spite of ongoing hardship. Invite this uplifting energy into your heart, your family, and your home. www.obpractice.co.za

The Dignity Fund

We really need your help! Winter is here and we have completely run out of pillows and blankets. We are low on winter clothing and shoes. If you are able to make a donation, no matter how small, please do. Donations can be dropped off at the Native Roots Shelter in town.

The Dignity Fund is a movement, a people and a helping hand to the forgotten, the helpless and the homeless.

This movement has been providing disaster relief as well as assistance to families in need in the form of food, toiletries, clothing, household goods, school supplies, medical care, upgrades to housing structures, etc. during the two years and have seen the need within the community.

The "hub" is based at the Native Roots Shelter, run by the incredible Mary Anne Cunningham. It has proven to be invaluable as food, clothing and household goods are ready and available in the event of a fire or disaster. All goods have been donated by YOU, our amazing community members, lovingly washed, sanitized and sorted by the family at the Native Roots Shelter and distributed by the team to hundreds of destitute families over the last year.

The team at The Dignity Fund work hand in hand with Law Enforcement, The Green Hearts, Famsa, Greenify, Muddy Pooches, Plett Watch and Child Welfare. Together we can make a difference!

As for me and my house,
We will serve the Lord. Joshua 24:15

Anton: 082 878 4193 / Graeme 083 628 1648

A word fitly spoken is like APPLES OF GOLD in a setting of silver-Proverbs 25v11 As we continue in the Book of Proverbs, food for thought is found in chapter 27v1: "Do not boast about tomorrow, for you do not know what a day may bring". This verse should be read in conjunction with James 4v13: 'Now listen, you who say, 'Today or tomorrow we will go to this or that city, spend a year there, carry on business and make money.' Why, you do not even know what will happen tomorrow. What is your life? You are a mist that appears for a little while and then vanishes".

Of course we have to plan our future or else we will drift aimlessly through life and that is not Godly or wise. What we must not do though is to be arrogant and leave God out of the equation. As we have seen over these past weeks the secret to life is wisdom and as that is God given, we need to involve Him in our planning and submit to His will. In the epistles of Paul and John several times they mention their plans to visit people and churches, but God had other plans which were better.

For instance, some epistles would not have been written if the visits had taken place. To sum up - let us live today as though it is our last and plan tomorrow in humility subject to God's will.

How do we know His will? Romans 12v2: "Do not conform to the pattern of this world, but be transformed by the renewing of your mind. Then you will be able to test and approve what God's will is - his good, pleasing and perfect will."

We have to renew our mind and not rely on feelings which are influenced by this world's value system. We should also test our motives against God's Word and be prepared to change direction if need be. God Bless, Graeme Greenwood

FOR IMMEDIATE RELEASE

Observe, conserve, preserve...at the Plett Ocean Festival

SAVE THE DATE: 1 – 10 July 2022

Plett Tourism is proud to introduce the inaugural **Plett Ocean Festival** inviting all interested parties to save the dates of **1 – 10 July 2022** to celebrate Plettenberg Bay's most beloved treasures: **our ocean, marine life, and beaches**. The festival will be anchored by a **three-day marine science symposium** and a variety of ocean-themed events with a strong **conservation theme**. Plettenberg Bay has much to offer during the winter season including mild weather and abundant marine life. Attention during this time of the year is largely focused on the wonders of the ocean as the whales are in the bay, scuba diving and snorkelling conditions are often idyllic, and our resident seals, dolphins, sharks, and marine birds are attracted to plentiful food sources. As a result of these, Plett Tourism has chosen the winter period of the July holidays to host the Plett Ocean Festival.

Among many highlights of the upcoming festival, the Marine Science Symposium will be held at the oceanside Beacon Isle Resort

Blinds, Security Shutters, Awnings.

over three days and presentations will cover topics ranging from marine life, ecological impact presentations and conservation projects by a selection of top scientists and biologists in their fields. The depth of knowledge and extent of research in Plettenberg Bay and the Garden Route on oceanography, conservation and marine life is vast, and we want to share it with the world. The symposium is about a sustainable ocean economy – the ocean and our beaches are Plett's most important tourist attraction and Plett Tourism is committed to continuing the work of keeping these attractions pristine and flourishing. The Marine Science Symposium – to be held from 1-3 July 2022 and MC'd Zandile Ndhlovu of the Black Mermaid Foundation - is a must-do for all interested in, working in, or studying in the marine sciences fields. Tickets will be available per presentation, per day or as a full symposium pass.

The Plett Ocean Festival will also offer a variety of fun and family friendly activities including rocky shore excursions, guided hikes, scuba diving and snorkeling, trail runs, surf lessons, angling competitions, a team surfing competition, and an oceanic art exhibition. Collaborations at the festival are many as Nature's Valley Trust has partnered with Open Plan Pictures to screen the animated movie, Seal Team alongside an educational talk on pollution and marine debris; Adopt-A-Swimmer and the Black Mermaid Foundation have partnered to introduce youngsters to the wonders beneath the waves, and the local NSRI Station 14 will hold an open day for visitors to tour the station and learn more about National Sea Rescue Institute and its work.

As a town with six international Blue Flag Beaches and two Blue Flag Boats, a Mission Blue Hope Spot, and surrounded by both national parks and marine protected areas, the Plett Ocean Festival aims to be

an all-inclusive, one-of-a-kind event that celebrates conserving and sustainably enjoying our marine resources: beaches, shoreline and the deep blue sea.
