SAPS

Safety at home - prevent housebreaking and theft.

- Curtains should be closed after dark to prevent suspects from observing the activities inside the home.
- Don't leave your garage, front or back door open or partially open-it serves as an invitation to burglars
- A watch dog is a good early warning system. Keep it visible as a deterrent but beyond the reach of strangers.
- Keep your entrance clear of plants or obstacles that can provide a hiding place for would-be robbers
- If your house alarm goes off or you hear strange noises switch on the outside lights
- Don't go outside before you are sure that it is safe.

Strandloper Project

Marine Wildlife Strandings in the Garden Route.

If, while enjoying your time on the beach and shoreline, you encounter a stranded species of marine wildlife, please contact your local Marine Stranding organization.

WHAT TO DO IF YOU FIND A TURTLE.

1) Do not return it to the ocean. It has stranded as it is either weak, ill, tired or has ingested plastic. 2) Do not place it in a container of water. Turtles are air breathing and can drown if weak and tired. 3) Keep it in a dry, ventilated and room temperature box, preferably placing the turtle on a towel. 4) Contact the turtle rescue number or the local marine stranding organization.

5) Get a location pin

WHAT TO DO IF YOU FIND A LIVE SEAL.

1) Do not try and chase it into the water - it is either tired, undernourished or weak and wants to rest. 2) Create a safe zone around it and prevent dogs and crowds from approaching it. 3) Call your local marine stranding organization.

4) Take a location pin to share with the rescuers.

WHAT TO DO IF YOU FIND A PENGUIN

1) Do not try and chase it into the water - it is either tired, undernourished or weak and wants to rest. 2) Create a safe zone around it and prevent dogs and crowds from approaching it. 3) Call your local marine stranding organization.

4) Take a location pin to share with the rescuers. 5) After you have spoken to a marine animal rescuer, and they request you to collect the Penguin, follow their instructions on how to handle it and where to take it. Please be aware that they have extremely sharp beaks and need to be handled with care and cautiously.

WHAT TO DO IF YOU FIND A DOLPHIN

1) Check for any obvious injuries. 2) Report to the local marine stranding organization and provide a detailed report of condition and location. 3) Unless advised by the stranding organization, do not attempt to return the dolphin to the ocean. Keep it cool by placing wet towels over it and wetting the towels about every 10 minutes. 4) Reduce any stress from dogs and crowds.

'SURVIVE'

When storms come,
I'll climb the mountain
When rainfall,
And obstacles stand on the way
I will survive.

Read is too long.
We need to be patient.
Future is nearby
When we look back
Nothing can stop us
We can survive.

We all have things,
That make us to doubt ourselves.
Storms are here to stay
Be strong to survive.

We need strength to carry on
There is something in our minds.
We need to pray and carry on.
We all can survive.

Drakies on Tour

South Africa is in for a treat as our boys will go on tour! Patrons will experience the magic of the Drakensberg Boys Choir as they embark on their 2025 National Tour.

This year's tour, "Drakies on Tour - Hello, South Africa!" brings a breathtaking blend of classic choral masterpieces, Afro-Pop energy, and South African favourites to nationwide venues. In collaboration with Hospice Plett, spread the word that your friends and family must prepare to be moved, inspired, and uplifted by the power of young voices in perfect harmony.

Each performance is a celebration of music, talent, and the spirit of South Africa. Go to www.dbchoir.com to book your tickets for the tour!
