NSRI - STATION 14

Plettenberg Bay

Friday, 19 December.

A teenager is sadly deceased:

Ross Badenhorst, NSRI Pletten-

berg Bay deputy station commander, said:

At 10h47, Thursday, 18 December, NSRI Plettenberg Bay duty crew were activated following eyewitness reports of a male fallen from a cliff at Natures Valley - Bull Se Baai, Garden Route National Park.

NSRI crew responded directly to the scene by road, the SA Police Services were alerted, ER24 ambulance services responded to stand by near to the scene, WC Government Health EMS, the EMS/AMS Skymed rescue helicopter and Police WPDS (Water Policing and Diving Services) were placed on alert. 2 NSRI rescue craft, The Courtenay's Rescuer and Rescue Ray, were launched, while a private boat, with NSRI crew onboard, nearby to the scene at the time, responded. On arrival on the scene a search commenced for a 17 year old male teenager, from Cape Town, who had reportedly fallen from a height from a cliff, while on a hike. The teenager had fallen into the sea and was missing. During a search an NSRI JetRIB Rescue Ray was able to navigate into the mouth of a cave, timing the incoming wave sets, where an NSRI rescue swimmer was deployed from the rescue craft into the water to investigate inside Ouma and Oupa caves - in a rising tide - with waves washing into the cave - while the rescue craft retreated. While searching in the cave the rescue swimmer located the teenager who was unresponsive with critical injuries.

Additional NSRI rescue swimmers and an NSRI doctor were deployed from the rescue craft into the water - they swam into the cave, timing incoming wave sets, where despite increasing wave surges in the rising tide, they secured the teenager into a floating stretcher and recovered the teenager, sadly deceased, onto the NSRI rescue craft - in cooperation in communications with the SA Police Services. The body of the teenager was brought to the NSRI Plettenberg Bay station 14 rescue base where the body of the teenager was taken into the care of Police and Government Health Forensic Pathology Services. Police have opened an Inquest

Plett Shark Spotters

It's that time of year again when we start keeping our eyes peeled for the arrival of white sharks in Plettenberg Bay! In 2024, our first sighting was in May, with activity peaking around September. Robberg remains a truly special place, one of the few spots where you can witness these apex predators cruising just metres from shore, right alongside the mountain. Recently, four white sharks were tagged along the east coast and eight in Mossel Bay. Shark Spotters are now operating daily from 07:00 to 18:00 at five beaches: Lookout Beach, The Wedge, Central Beach, Robberg 1, and The Wreck. Lifeguards will raise the white shark flag if a shark has been seen within the past hour.

It is with immense heartbreak and overwhelming shock that we share the devastating news that our beloved

Shabby Tufu lifestyle farm

has burned down.

The fire broke out at approximately 23:00 on Sunday, 07 December 2025.

Emergency services responded swiftly, and we are deeply thankful for their efforts.

For now, we will remain closed while a formal investigation is carried out to determine the cause of the fire. We are however grateful that no injuries were sustained and that everyone is safe.

To our loyal customers - both long-standing and new - thank you for your unwavering support you have shown since our opening on 21 March 2021.

Your love has carried us, and it will carry us still.

We will overcome this tragedy. We will rise again, like a phoenix, and when we do, our doors will be open to welcome you back again.

Please understand that due to the intensive damage, we will be unable to operate during this festive season. This will remain in effect until further notice.

From all of us at Shabby Tufu,
thank you from the bottom of our hearts.

The 176 000 hectare Greater Addo Elephant National Park is the third largest National Park in Southern Africa.

The variety of wildlife found in the Park is astounding, with 417 species of birds, 95 kinds of mammals, including the Big 5 and of course the 600 elephants that roam there, it is an absolute treat for nature lovers.

For those with the passion to help others
and the time to learn, a remarkable opportunity
awaits. FAMSA (Families South
Africa) Knysna/Plettenberg Bay/Sedgefield,
a trusted name in strengthening families
and communities, is offering a comprehensive
counselling course that equips volunteers
with the skills to support individuals
through life's most challenging moments.
The course, which is both transformative
and practical, is open to individuals who are
ready to dedicate their time and heart to
making a difference. Designed with both
theory and hands-on experience, this training
prepares participants to become FAMSA
volunteer counsellors — capable of providing
emotional support, guidance, and practical
tools to those in need.

"We believe that anyone with empathy,
commitment, and time can become a powerful
force for healing," said Karin, Director
of FAMSA Knysna. "This course doesn't just
teach counselling techniques — it shapes
compassionate listeners who can help

Participants learn about trauma support,
relationship counselling, communication
skills, crisis intervention, and more. The
program includes supervised practical
sessions, group work, and regular feedback,
ensuring volunteers are confident and
competent by the time they begin their
service.

Graduates of the course not only gain
invaluable skills but also join a community of
dedicated volunteers who are changing
lives every day. Whether you're looking to
give back, explore a new path, or grow
personally, this course is a stepping stone
to meaningful impact.

One of our volunteer counsellors says:
We give our clients this safe place
(counselling room), we peel back the layers
to their gold centre and we are witness to
their struggles ... past and in recent years. It
is a privilege to walk a little way with our
clients ... we walk them to a place of heal-
ing. ♥

The next intake is open, and FAMSA is
encouraging all interested individuals to
apply early as spaces are limited. If you
have the time to learn and the heart to help,
this may be your moment to make a real

difference.
