## Letter via the Editor

27 January 2026

### Petitions for the employment of unemployed qualified teachers and priority hiring within their communities.

We, as the unemployed and qualified teachers of our community (*Bitou-Plettenberg Bay KwaNokuthula in particular*), on Friday the 23/01/2026 submitted the petition to our local KwaNokuthula schools. As we want to bring attention to the on-going challenge of teacher unemployment within our communities. Many of us are professionally trained, certified and fully qualified educators who remain unemployed despite the persistent shortage in various schools. It is deeply concerning that while schools struggle with inadequate teaching stuff, capable and willing teachers within the same community remain without employment. We strongly believe that giving first hiring preference to unemployed teachers within their own communities will benefit both the education system and the community at large. Local teachers understand the language, culture, values and specific needs of their learners/students. Employing community-based teachers also improves teacher retention and strengthens community involvement in education. We therefore humbly requested the following:

That unemployed qualified teachers (*within our community*) be given priority consideration for available teaching post.

That hiring policies promote first preference to teachers within their local communities where vacancies exist.

That the transparent and fair recruitment processes be implemented to ensure equal opportunities for all qualified teachers.

(According to DBE Memorandum dated 1st March 2024 on Report the equal treatment of Funza Lushaka Bursary holders and all other fulltime appointees. "The decision made by the Head of Education Department Committee (HEDCOM) and the Council of Education Ministers (CEM) indicated that graduates of the Funza Lushaka Bursary program should not be given priority for employment over other graduates with teaching qualification. The decision was influenced by several key factors: Government Funding Advantage. Equal Opportunity.

Stay alert and be crime wise when buying second-hand goods. It seems scammers have now started with a new strategy to defraud people. Scammers are very crafty, doing their research very well. By posing as a resident they get added to the Security Estate residents WhatsApp groups. On these groups they advertise items for sale, and believe you me, they are convincing on postponing delivering the goods etc. Residents will only realize later it is a scam once it is too late. These scams now have happened in a few Estates. Most of us believe in the greater goodness of people, but nowadays one needs to be more cautious before you do a EFT to sellers. Yours in security

## Strandloper Project

Marine Wildlife Strandings in the Garden Route.

If, while enjoying your time on the beach and shoreline, you encounter a stranded species of marine wildlife, please contact your local Marine Stranding organization.

### WHAT TO DO IF YOU FIND A TURTLE.

1) Do not return it to the ocean. It has stranded as it is either weak, ill, tired or has ingested plastic. 2) Do not place it in a container of water. Turtles are air breathing and can drown if weak and tired. 3) Keep it in a dry, ventilated and room temperature box, preferably placing the turtle on a towel. 4) Contact the turtle rescue number or the local marine stranding organization. 5) Get a location pin

### WHAT TO DO IF YOU FIND A LIVE SEAL.

1) Do not try and chase it into the water - it is either tired, undernourished or weak and wants to rest. 2) Create a safe zone around it and prevent dogs and crowds from approaching it. 3) Call your local marine stranding organization. 4) Take a location pin to share with the rescuers.

### WHAT TO DO IF YOU FIND A PENGUIN

1) Do not try and chase it into the water - it is either tired, undernourished or weak and wants to rest. 2) Create a safe zone around it and prevent dogs and crowds from approaching it. 3) Call your local marine stranding organization. 4) Take a location pin to share with the rescuers. 5) After you have spoken to a marine animal rescuer, and they request you to collect the Penguin, follow their instructions on how to handle it and where to take it. Please be aware that they have extremely sharp beaks and need to be handled with care and cautiously.

### WHAT TO DO IF YOU FIND A DOLPHIN

1) Check for any obvious injuries. 2) Report to the local marine stranding organization and provide a detailed report of condition and location. 3) Unless advised by the stranding organization, do not attempt to return the dolphin to the ocean. Keep it cool by placing wet towels over it

and wetting the towels about every 10 minutes. 4) Reduce any stress from dogs and crowds.

## Born in Africa

It took us some time to accept the fact that we are bidding farewell to Chaz Fraser, a passionate man to uplift others who Born in Africa has worked closely with since 2005. His sudden passing last week shook us to our core and many of our learners who are currently being trained by him and those that have known him for years, needed some time together to remember all the good times with Chaz and the difference he made in their lives by instilling values like discipline, respect, honesty, comradery and hard work. General coordinator Isabelle remembers it like yesterday when she had a meeting with Chaz in 2005 to discuss the importance of life skill training such as swimming for the young people growing up in the communities around Plettenberg Bay; "We had just discussed rolling out a program for the children of Born in Africa in which Chaz would start to teach them how to be safe in the water and eventually be competent swimmers. Soon after our meeting, a local drowned in the river, a tragedy that unfortunately confirmed that swimming classes for children from the communities are vital to keep them safe

around water. We also immediately thought long term, as it was still a dream back then of having a Born in Africa child become a life guard on Plett's beaches one day, a local boy or girl, instead of the many youngsters that came from Mossel Bay or even further away to work on the beach here. As soon as extra funding from overseas for skill training was secured, the collaboration between Chaz and BIA got momentum to train local youngsters in Life Guarding. Local government also caught wind of what Chaz was doing and he got on board with the Bitou municipality so even more locals could benefit from his training and knowledge." We will miss Chaz's phone calls and visits to our office, as e-mails, social media or WhatsApp were not in his dictionary at all. We feel proud and thankful for the ongoing cooperation with Chaz and for his passion to uplift so many learners in the Born in Africa program. We have seen more than 100 of our learners graduate his swimming course, and quite a few of those became a qualified life guard which is a great first work experience as a student job and for some, it became their stable income. Chaz, your impact on the communities around Plett is immeasurable and your tough but fair approach to

everyone, is something everyone will continue to remember you by. Thank you for everything, Chaz, now you can rest in peace knowing that you left a mark on the world in a way only you could.

**NORTH FACING APARTMENT WITH BIRD'S-EYE VIEWS IN CENTRAL PLETT** - R 3 850 000, You arrive at the Monks View Apartment building and slip into your designated bay in the secure parking basement before entering the building and riding the elevator to the middle floor. A short walk brings you to the apartment entry, where you step inside an open-plan living space filled with soft, natural light. The kitchen unfolds to your right with oak-look cabinetry, quartz countertops, an electric cooktop, oven, extractor fan, and a peninsula with casual seating. From here, the room stretches gracefully into the dining area and lounge, where a wall of glass sliding doors draws your eye toward the magnificent view beyond.

**Probus** – What is it?

The Plett Probus Club is a local association of retired or semi-retired professional or business people who have similar levels of interest, are of good character and are respected in the community.

The objectives of Probus include: To stimulate thought, interest and participation in a variety of activities and to create opportunity to make new friends at a stage in life when folk have both the need and the time. As a Probian, you will find membership interesting and satisfying, but what is more important, you will meet and enjoy the fellowship of a group of similarly minded folk, who, like yourself, are expanding their interest and extending their friendships. We have regular meetings either for an informal breakfast or a luncheon during which a presentation on popular current day topics of interest is given at venues in and around Plett. So don't delay – JOIN NOW! Phone Len Swimmer our Chairman at 082 452 1799 or email: [lens@telkomsa.net](mailto:lens@telkomsa.net)

Congratulations to Kamva  
Daweti, our top-performing  
learner at Murray High School  
- Matric Class of 2025!  
He achieved five Code 7s and  
two Code 6s:

- IsiXhosa HL - 7
- English FAL - 7
- Mathematics - 6
- Life Orientation - 7
- Geography - 7
- Life Sciences - 7
- Physical Sciences - 6

Well done Kamva!

"With education, we will reach the stars."

Oh dear! Our cattery is so full!  
4 adult cats and 27 kittens!  
Please spread the word and encourage  
people to come and spend time in our  
cattery, enjoying the feline antics.  
Perhaps the experience will encourage  
them to adopt. Photos of just a few.  
Two absolutely lovely dogs for adoption.  
Stacey is on the larger side of medium, a  
young adult female who is the happiest,  
friendliest dog.  
Buddy is a young adult male, medium sized,  
who is just perfect! Clever, lovable and easy  
going, he'd be a perfect addition to a family.

## Plett Shark Spotters

It's that time of year again when we start keeping our eyes peeled for the arrival of white sharks in Plettenberg Bay! In 2024, our first sighting was in May, with activity peaking around September. Robberg remains a truly special place, one of the few spots where you can witness these apex predators cruising just metres from shore, right alongside the mountain. Recently, four white sharks were tagged along the east coast and eight in Mossel Bay. Shark Spotters are now operating daily from 07:00 to 18:00 at five beaches: Lookout Beach, The Wedge, Central Beach, Robberg 1, and The Wreck. Lifeguards will raise the white shark flag if a shark has been seen within the past hour.
