Bliss Empowerment Bags

We are proud to introduce the Bliss Empowerment Bags, a collaboration between Bliss Mobile Hair & Beauty Service, Legacy House School, and SHIELD GBV Response & Safeguarding. These bags are placed in victim support rooms to help create comfort and dignity for individuals affected by Gender-Based Violence. Each bag includes small but meaningful items such as water, snacks, hygiene essentials, lip balm, nappies, and other comfort items to support someone during a difficult time.

 Every donation helps bring care, dignity, and support to someone when they need it most.

Responding to Abuse with Care and Expertise

SHIELD – Description

SHIELD is a GBV Response and Safeguarding Consultancy focused on providing practical, survivor-centred support and clear response pathways for individuals, organisations and communities affected by Gender-Based Violence.

Our work centres on creating safer responses through compassionate guidance, ethical support practices and strong referral networks. SHIELD assists individuals by offering confidential support, helping them understand their options, and connecting them to trusted services such as counselling, legal assistance, medical care and social support.

In addition to direct support, SHIELD provides awareness talks, educational workshops and safeguarding guidance to com-

munities, schools, organisations and businesses. These sessions aim to increase understanding of GBV, promote prevention, and empower people with the knowledge to respond safely and responsibly.

Our mission is to improve how GBV is responded to — making support accessible, coordinated, trauma-informed and community-focused.

"Two Sisters — One Story": New Awareness Talk Highlights What Children Experience Inside Domestic Violence A new awareness talk titled "Two Sisters — One Story" is set to bring an important and often overlooked perspective to the conversation around gender-based violence (GBV): the child's experience.

Presented by sisters Victoria and Sarah through SHIELD GBV Response & Safeguarding Consultancy, the talk focuses on what children truly experience inside homes affected by domestic violence — not only the visible incidents, but the atmosphere, the fear, the silence, and the long-term impact that shapes their understanding of love, safety, and self-worth.

While public conversations around GBV often focus on adult relationships, "Two Sisters" shifts the lens to the child who watches, listens, and learns from what happens behind closed doors. "Children may not always understand the words," Victoria explains, "but they understand the feeling. They feel tension. They feel fear. And those feelings shape their identity long before they have language for what is happening."

The awareness talk explores how repeated exposure to violence can normalise unhealthy patterns, sometimes carrying into adulthood. It addresses themes such as trauma bonding, the cycle of abuse, community silence, and the difficult realities surrounding leaving abusive environments. Importantly, the talk does not aim to blame or sensationalise. Instead, it encourages reflection and responsibility.

The sisters share how children often attempt to become protectors in violent homes — stepping into adult roles far too early. They also highlight how communities sometimes see warning signs but remain silent out of fear, uncertainty, or the belief that domestic violence is a "private matter." "Silence protects perpetrators more than it protects victims," Sarah says. "Awareness creates choice. And choice creates change."

Through storytelling combined with educational insight, "Two Sisters" encourages audiences to recognise that violence is not only physical. Emotional control, isolation, intimidation, and constant criticism can all create environments of fear

— environments that children absorb deeply.

The talk concludes with a powerful reminder: while the past cannot be changed, awareness gives communities the opportunity to respond differently for the next generation.
