Jaco Grobler +27 82 676 2390

Jaco.grobler@me.com

It's that time of year again when we need to appeal to the public for funds to assist and improve our local SAPS in providing crucial services.

A year ago we approached Point-S Tyres to help with tyre repairs to keep our SAPS vehicles on the road. We received a lot of donations from you, the public, to pay for these repairs. Your generosity made a big difference to the

amount of vehicles on the road, not only by repairing tyres but by replacing parts such as fanbelts etc, which would otherwise have taken these vehicles off the roads for long stretches, while awaiting permission to get the repairs through the system. Thank you, Point-S for your commitment.

Our CPF stats have shown a huge improvement and we are very grateful to you all. Much needed maintenance and repairs have been done at the station as well, which has improved service delivery from SAPS.

An area which we have identified in our outlying areas, is the amount of documents that need to be certified and stamped by a Commissioner of Oaths. Many people that do not have transport find it difficult to get to the station for this purpose, and we would like to supply our four sector managers with

stamps to perform this necessary duty, while out in the communities. These stamps will cost a total R7 360-00.

All funds we receive are utilised for necessary purposes which we, as the CPF, manage, and strict criteria and protocols are in place to prevent any abuse. All donations are kept in a dedicated CPF account and distributed by our very strict treasurer, Val Ludgrove.

I would also like to take this opportunity to thank our chairman, Dave Rennie, for the hundreds of hours he has put in to improve service delivery at SAPS. He has worked tirelessly every day to assist the public and SAPS, and we are extremely grateful for what he has done, and continues to do.

If you are in a position to assist with donations, our bank details are as follows: Plettenberg Bay Community Policing Forum First National Bank Plettenberg Bay Branch Code : 210214 Account No. : 63030615364 Thank you to all who have donated to this important initiative in our endeavour to improve and hold accountable our frontline safety and security.

Your Invitation to Something Real

A free weekly gathering for the curious,
conscious and open-hearted. No pressure.
No performance. Just presence. Craving
deeper connection? On a journey of
awakening or soulful curiosity? Longing for
something real and nourishing? What to
expect? A supportive space to share,
reflect, and simply be in community.
Themes shift each week, guided by intuition,
energy and what's alive in the moment.
When: Wednesdays, 11:00-12:00 Where: ???
Who: You. Me. Us. No experience needed,
just an open mind and heart.

If this resonates, message me on
WhatsApp to reserve your sacred space.

BE ENCOURAGED

John 14 "Let not your heart be troubled; you believe in God, believe also in Me. ²In My Father's house are many mansions; if it were not so, I would have told you. I go to prepare a place for you. ³And if I go and prepare a place for you, I will come again and receive you to Myself; that where I am, there you may be also. ⁴And where I go you know, and the way you know. ⁵Thomas said to Him, "Lord, we do not know where You are going, and how can we know the way?" ⁶Jesus said to him, "I am the way, the truth, and the life. No one comes to the Father except through Me. The greatest objection and criticism of the Christian faith, 2000 years ago and still today, is locked up in the last nine words of Jesus statement. No one comes to the Father but by me. The world and the present culture demands and honours inclusivity and absolutely shuns the idea that there is only one exclusive way to God and ultimately to heaven. Consider this very carefully. If Jesus was just another religious leader amongst many I would understand and even support that objection, but that's not the case! Jesus is GOD! How can I be so sure? Because He said so. Which other baby was born under a guiding star for all to see, which other baby was born of a virgin, which other baby grows up and heals the sick, walks on water, feeds the masses with 5 loaves and two fish, raises the dead, lays down his own life for the world and takes it up again. For us it's all supernatural, but for Jesus it was natural, because he is God. For me one of the continuing shining glories of Jesus is how his coming to earth split the history of mankind into two: BC and AD. The fact that Jesus is God is the Lynchpin of our Christian Faith. Without this truth there is

CX REMOVALS We do

NO ONE to believe in or TRUST. The Bible will just be another book. We will have no purpose in life, no comfort in death. That is why JESUS could say without any reserve and no apology: No one comes to the Father but by me.
With much Christian Love:

56 Longships Drive, Plettenberg Bay

NSRI Plett

Ross Badenhorst, NSRI Plett duty coxswain, said:
At just after 19h00, Sunday, 27 April, NSRI Plettenberg Bay duty crew were activated by the NSRI Plettenberg Bay siren following reports of a private small craft ski-boat, with 4 adults and a 12 year old onboard, taking on water and sinking in the Keurbooms River Mouth, Plettenberg Bay, at last light and now in the dark. The wife of one of the casualty crew had been contacted by her husband onboard and she had raised alarm contacting NSRI Plettenberg Bay's emergency phone. NSRI crew responded to our NSRI Plettenberg Bay station 14 rescue base while NSRI rescue swimmers responded directly to the scene. While responding it was reported that the casualty craft was being swept out to sea in an outgoing tide through the Keurbooms River Mouth, listing and sinking. 3 casualty crew were reported to may be unable to swim but all were secured into life-jackets. Our NSRI rescue craft JetRIB Eric Stratford and Ray Farnham Rescuer were launched. On arrival on the scene the casualty vessel was listing to the Port side appearing to be taking on water fast, submerged and at risk of capsizing. NSRI deployed illuminating flares to aid in visibility in the dark to light up the vicinity assisting in the rescue operation. Casualty crew were taken off the casualty vessel and quickly organised (and transferred) between the 2 NSRI rescue craft on the scene. 2 adult casualty crew, we believe the grandparents, and the 12 year old male, were immediately brought to the NSRI rescue base onboard an NSRI rescue craft and taken into the care of our NSRI station doctor and NSRI medics - they

were medically assessed and treated for hypothermia (water temperature is around 12 degrees). The remaining 2 adult males were safe onboard the second NSRI rescue craft. A towline was established with the casualty craft. The casualty craft was towed under challenging conditions, heavily laden with water, to Central Beach, where an

plettdentist.com

NSRI rescue craft transported a recovery rope from our NSRI tractor to the casualty craft and the casualty craft was recovered to the shore and recovered onto her trailer. The two remaining casualties were brought safely ashore onboard the rescue craft and they were medically assessed and treated for hypothermia. It appears that they had experienced motor mechanical failure in the lagoon mouth where they reportedly threw anchor but with the anchor appearing not to take a hold their craft was swept out through the mouth into the surf zone while taking on water and listing. Family arrived at our NSRI rescue base and after all 5 casualties were warmed up they required no further assistance. They are a family on a holiday from Wellington in the Cape. It is suspected that the casualty craft took on water in the surf zone while being swept out the river mouth. The swift response has been commended for contributing to saving the lives of all 5 casualty crew.

NSRI Plett (Station 14)

For Immediate Release.

NSRI – Plett – Thurs, 1 May.
incidents at Robberg Nature Reserve: A 45 year old female, from Gauteng, rescued at Robberg Nature Reserve on Monday, remains in a serious but stable condition in hospital. Jaco Kruger, NSRI Plettenberg Bay station commander, said: At 13h08, Monday, 28 April, NSRI Plettenberg Bay duty crew were activated following reports of a female collapsed unconscious - on the Wild Side, Robberg Nature Reserve, near to the Fountain Shack, on the East side. Good Samaritan hikers, including a doctor, were assisting the lady at the scene and requested urgent medical assistance reporting her medical condition to be deteriorating from unknown causes. Cape Nature rangers were heading towards them while NSRI Plettenberg Bay launched NSRI rescue craft and responded. ER24 ambulance services and Med-Life ambulance services were activated. On arrival on the scene, the female, age 45, from Douglasdale, Johannesburg, in a critical condition, was secured onto a

stretcher and hiked to the NSRI rescue craft with medical care continuing. Additional NSRI rescue crew to the scene to assist, were launched. Bystander Good Samaritan hikers assisted NSRI rescue crew to get the lady to our NSRI rescue craft and they are commended for the help they rendered. Accompanied by her partner, in a critical medical condition, in the care of NSRI medics, the patient was brought to our NSRI Plettenberg Bay station 14 rescue base and transported to hospital by ER24 ambulance in the care of ER24 paramedics. It remains unknown the causes for the lady collapsing unconscious and causes of her severe medical condition appears to be unknown. Doctors and nurses are continuing with life saving efforts in hospital. Thoughts and care remain with her partner, that was hiking with her at the time, and her family, in this difficult time. On Monday, while this emergency medical operation was in progress, NSRI Plettenberg Bay and Cape Nature rangers were alerted to a lady injured nearby (to the initial incident), at The Gap, Robberg Nature Reserve. With the serious rescue operation that was already in progress at the Fountain Shack, Cape Nature Rangers took that patient, that was at The Gap, into their care and they hiked her safely to the Robberg car park without incident. In a stable condition that patient attended further medical care privately. As the NSRI rescue craft was departing The Wild Side, after the critical condition female patient had been secured onto the NSRI rescue craft, at the Robberg Nature Reserve hiking trail, NSRI were approached by a couple reporting that they were suffering dehydration and also in need of medical care. NSRI left them on the scene with additional hydration supplies, and with our NSRI rescue craft JetRIB and with NSRI rescue crew - caring for them, and the NSRI rescue craft then returned to fetch them later (after delivering the critical patient to paramedics at our rescue base). The adult couple, believed to be from the Middle East, were taken onboard our NSRI rescue craft and they were brought to our NSRI rescue station where both of them, by that stage hydrated and both in good spirits, were released requiring no further assistance.
