A word fitly spoken is like
APPLES OF GOLD

Today we continue in the second chapter of the Book of Ecclesiastes and see how the "teacher" continues his obsessive pursuit for satisfaction (v10) with a hedonistic lifestyle. This is always accompanied with the three major sources of sin namely lust of the flesh, lust of the eyes and the pride of life (1 John 2v16). Initially the "teacher" pursued fame and prestige (Pride of life). He then pursued possessions (Lust of the eyes). He then allowed his carnal desires to run amok and his sexual depravity was uncontrolled (Lust of the flesh). In verse 11 he admits it has all been pointless and he has achieved no lasting happiness. Because pleasure is dependent on outside circumstances and appeals to the sensual it only brings temporary enjoyment. Happiness on the other hand is not dependent on circumstances, but is the result of a right relationship with God that begins when we confess Jesus Christ as Lord, believe He died for our sins, rose again and ascended into heaven where He is preparing a place for those who own Him as Lord. In the meantime He has given us the Holy Spirit to be our comforter, guide and power to be able to echo the experience of Paul in Philippians 4v12 *I know what it is to be in need, and I know what it is to have plenty. I have learned the secret of being content in any and every situation, whether well fed or hungry, whether living in plenty or in want*. In verse 26 the teacher concludes that true happiness in life only comes from pleasing God *"To the person who pleases him, God gives wisdom, knowledge and happiness"*. This is echoed in Ephesians 5v9-10 *"Live as children of light (for the fruit of the light consists in all goodness, righteousness and truth) and find out what pleases the Lord"*. How to please Him is a big subject, but a good start is found in Micah 6v8 *"And what does the LORD require of you? To act justly and to love mercy and to walk humbly with your God"*.
God bless

The 176 000 hectare Greater Addo Elephant National Park is the third largest National Park in Southern Africa.

The variety of wildlife found in the Park is astounding, with 417 species of birds, 95 kinds of mammals, including the Big 5 and of course the 600 elephants that roam there, it is an absolute treat for nature lovers.

MORNING GAME DRIVE

Collection from Guest House in Summer-Strand P.E between 06h00 - 06h30

Duration of Game Drive 07h00 - 12h00
We enter the Park through the Addo Colchester Gate, Camp Matyholweni. The first few hours are good to see antelope, zebra and some of the cats. Between 09h00 and 09h30 we serve a delicious continental breakfast in the picnic area. Usually one has good sightings of elephants and buffalo after 10h00 nearer the waterholes. We return to the Gate around 12h00 and then back to the Guest House. Refreshments are available throughout the drive.

AFTERNOON GAME DRIVE

Collection from Guest House in Summer-Strand P.E between 13h00 - 13h30

Duration of Game Drive 14h00 - 18h00
We enter the Park through the Addo Colchester Gate, Camp Matyholweni. The early afternoon is good for elephant and buffalo sightings, near the water holes, as well as some antelope and zebra. We stop mid-afternoon at a disembarkment point or picnic area for teas, coffee, refreshments, scones and snacks. The latter part of the afternoon is usually good for antelope and the illusive rhino. The Park has thick bush and offers an abundance of birds, tortoise, dung beetles and other creatures.

drive and narration will be done by our very knowledgeable guides.

A Moment of Joy

By Rose Scott

What is Wealth?

And how do YOU measure it?

Our pre Covid culture measured success by the amount of money that you have, the number of achievements that you complete, and how much influence you exert in your social and work groups.

When I speak of Wealth, it is NOT a spelling error, but a term that I have coined that means that true wealth and health are inseparable. Each individual needs to take responsibility for their perception of success. Is it to overwork and accumulate large amounts of money but sacrifice your health in later years?

I think that the lockdowns of COVID have shaken each person to the core of their existence. I have heard many people discussing when we "return to normal" - I think we have a fabulous opportunity to create a "normal" that did not exist in large numbers before the trauma every person in the world felt in one way or another.

So, I challenge you readers to recalibrate your inner co-ordinates to reflect a more authentic and integrated view of yourself and the e world. Do not simply fall back into your "comfort zone", as life only really begins where your comfort zone ends.

In spite of the struggles that the Lockdown imposed on myself and my family I still believe that the over reaction and levels of personal fear should shock us into living more abundant and prosperous lives regardless of financial, relationship, education level or social standing realities. I have come to view the entire situation as the opportunity of a lifetime - to value the intangible gems that I experience every day.

The smiles that I see when people are socialising in restaurants without masks, time with my children doing a lot of the things I used to do as a child and investing time in teaching all of us to be independent as well as interdependent.

It is also a wake-up call as to how we are all connected - if we were not then the effect of Lockdowns would not have been global. It is time to balance real wealth (money) with "virtual" health (joy).

Imagine if each person in the world achieved this balance in their own lives. Decide what your true values are and then live them out loud, no more meek fear of hiding who you really are. This way you become part of the gems and treasures that others love and appreciate.

While many countries legislate mask-wearing, it is time to remove our

STAY SAFE
MOVE FORWARD

MAKE SAFER CHOICES

We're all eager to get back to our pre-COVID-19 lives.
Managing the risks can help us get there faster.

Think about the size of a venue. If you cannot maintain a safe, **1.5m distance**, then consider going somewhere else.

Think about the smart choice. Having drinks with friends to celebrate? Keep it responsible.

Think about the next person. Always wear your mask in public and when you are finished eating.

Avoid crowds and confined spaces. Remember that masks, a safe distance and good ventilation will lower the risk of the spread of COVID-19.

Fresher is better! Ask to be seated outside if you're eating out.
