### A word fitly spoken is like APPLES OF GOLD in a setting of silver - Proverbs 25v11

Some of you are fortunately self-sufficient in electricity and therefore independent of Eskom. For most of us, however, the never-ending irritation of loadshedding is a constant reminder that for thousands of years when night-time came, people had to rely on candles or lamps to see in the dark. Without a lamp they would walk into objects, trip over things and get lost which is why the readers of Psalm 119v105 would have clearly understood the metaphor: "Your word is a lamp for my feet, a light on my path". The first lesson this verse tells us is, if we do not have God's Word to light up our path of life we will trip and stumble morally, spiritually and emotionally as we blunder around in the dark. Secondly, we need to keep the lamp full of oil or else it goes out - olive oil in the Bible speaks of the Holy Spirit and He enlightens God's Word for us - without His guidance we cannot understand the Bible. Thirdly, because an electric light gives brightness over a greater area we have many options as to where we walk and the way to go - which can be negative because we can get confused and distracted from the right path.

When we are content with the light of God's Word for each step of our daily walk, we will find that we won't be tempted to choose another direction and thus freed from that great destroyer of happiness, namely worry. "Therefore do not worry about tomorrow, for tomorrow will worry about itself. Each day has enough trouble of its own". -Matthew 6v34. This is not to say we must become CARELESS - rather that we should be CAREFREE because He has our future in His hands as the apostle James makes clear in chapter 4v13: "Now listen, you who say, 'Today or tomorrow we will go to this or that city, spend a year there, carry on business and make money.' Why, you do not even know what will happen tomorrow. What is your life? You are a mist that ap-

pears for a little while and then vanishes. Instead, you ought to say, 'If it is the Lord's will, we will live and do this or that.' Let us not be arrogant and plan our lives outside of the light of God's Word, but take heed of the simple chorus "One step more, one step more, give me faith for one step more".

Amen, Graeme Greenwood

### First Responders

On Sunday the 25th of February at approximately 18:40 First Responders were alerted to a Motor Vehicle Accident involving two vehicles on the N2 at the R102 Natures Valley turn off. The call had come in via a PBCPA volunteer requesting medical assistance as the occupants of the vehicles had sustained injuries. Plettenberg Bay SAPS, Traffic Department, Bitou fire department and Ambulance services were alerted. First Responder volunteers responded to scene in their private vehicles. Within minutes of the call going out, First Responder volunteers arrived on scene. First Responder Brad said "When I arrived on scene, I found Bitou Fire Department already in attendance. I immediately noticed the two vehicles, one in the middle of the road and the other off the road and down an embankment. Bother vehicles had suffered extensive damage from what appeared to be a head on collision. Three casualties were on the roadside. I began assessing the casualties injuries." Further first responders arrived on scene. Patients were triaged and first responders assigned to each. Two casualties, from Poland and the first vehicle, had suffered chest and lower back injuries, the driver also suffering a broken ankle, and were in a serious condition. The other casualty from the second vehicle from Plettenberg Bay had too suffered mid to lower body injuries as well as a hand injury and was in a slightly less serious condition. First responder volunteers conducted head to toe surveys and monitored vital signs while keeping the patients comfortable. Western Cape Government Health EMS, SAPS and Bitou Traffic arrived on scene. The Polish casualties were handed into the care of the first Western Cape Government Health EMS ambulance to arrive on scene while the third casualty was monitored by First Responder volunteers awaiting a second ambulance. First Responder volunteers assisted Western

Cape Government Health EMS paramedics in further stabilizing the Polish Casualties, then loaded to backboards and moved into the ambulance. The ambulance departed scene for transport to Hospital. A Second Western Cape Government Health EMS ambulance arrived on scene and the South African patient was handed into their care. first Responder volunteers assisted with loading the casualty to a backboard and transfer to the ambulance. The ambulance departed for hospital. All casualties were transported to Knysna Life Private Hospital. We wish the casualties a speedy recovery. First Responders is a community-based volunteer group who provides their assistance to the professional medical services. First Responder Volunteers fund their own fuel, phone, insurance etc. We rely on donations from the public to fund our equipment and consumables. Make sure that you have the professional Emergency Services and Local ambulance services numbers on hand and call them FIRST! In the event of an emergency. First Responder Call centre (082) 251-8134.
