## Bliss Empowerment Bags

We are proud to introduce the Bliss Empowerment Bags, a collaboration between Bliss Mobile Hair & Beauty Service, Legacy House School, and SHIELD GBV Response & Safeguarding. These bags are placed in victim support rooms to help create comfort and dignity for individuals affected by Gender-Based Violence. Each bag includes small but meaningful items such as water, snacks, hygiene essentials, lip balm, nappies, and other comfort items to support someone during a difficult time.

Every donation helps bring care, dignity, and support to someone when they need it most.

## Plett Shark Spotters

It's that time of year again when we start keeping our eyes peeled 🦈 for the arrival of white sharks 🦈 in Plettenberg Bay! In 2024, our first sighting was in May, with activity peaking around September 📅. Robberg remains a truly special place 🌊, one of the few spots where you can witness these apex predators cruising just metres from shore, right alongside the mountain. Recently, four white sharks were tagged along the east coast and eight in Mossel Bay 🌊. Shark Spotters are now operating daily from 07:00 to 18:00 at five beaches: Lookout Beach, The Wedge, Central Beach, Robberg 1, and The Wreck. Lifeguards will raise the white shark flag 🚩 if a shark has been seen within the past hour. 🦈

### MEDIA STATEMENT

Fatal Drowning Incident at KwaNokuthula - issued on 17 February 2026\*\*

The Bitou Municipality expresses its deep sorrow following a tragic drowning incident that occurred late yesterday afternoon at the dam adjacent to South Cape College in KwaNokuthula. An 8-year-old boy sadly lost his life. Preliminary reports indicate that three other youngsters were present at the dam at the time. It is alleged that the boy was attempting to rescue one of them when he drowned. The children were reportedly playing at the dam, using a skateboard as part of their playing activities. Law enforcement authorities, ambulance and emergency services, and the National Sea Rescue Institute responded swiftly once the incident was reported. Ward Councillor for Ward 5, Cllr Samkele Mangxaba, Deputy Mayor Nokuzola Kolwapi, and Speaker of Council Mavis Busakwe were also on site to offer words of comfort and support to the grieving family and community members. This heartbreaking incident marks the second fatal drowning within the past two months in the Bitou Municipality, highlighting the urgent need for continued vigilance and safety awareness around local water bodies. The Bitou Municipality extends its heartfelt condolences to the family, friends, and community affected by this devastating loss. Our thoughts and prayers are with them during this difficult time.

## Riley Clark: A Plett Teen with a Big Tennis Dream

If you've been anywhere near the courts at Plett Country Club, you've probably heard Riley Clark before you've seen him. At 17, Riley brings a mix of talent, energy, and unmistakable enthusiasm to every match he plays — the kind of presence that makes tennis fun to watch and impossible to ignore. Riley first picked up a racket at six years old, and from that moment, tennis became part of who he is. By ten, he had joined **The Olsen Tennis Academy**, where he found the coaching and competitive environment that helped turn his passion into real progress. Over the years, he's built a reputation not just for his ability, but for the spirit he brings to the court — loud, lively, and always fully committed. Here in Plett, Riley is a regular at the Country Club courts. He thrives on the social side of the sport just as much as the competitive side, and he especially loves being invited to the annual

### Wimbledon Mixed Doubles Tournament

— an event that suits his personality perfectly: fun, competitive, and full of community. This year, Riley reached a milestone that reflects years of hard work and dedication: **he has been selected for the South African U19 Schools Tennis Team**. It's an incredible achievement for a young player from our small coastal town, and it opens the door to an exciting opportunity — travelling to the **United Kingdom** to compete internationally as part of the SA team. The experience will expose him to new opponents, new conditions, and a level of tennis that will help him grow even further. As with most international sporting tours, the costs are significant. Riley's family is working hard to make the trip possible, and the community's support — whether through sponsorship, donations, or simply spreading the word — will help him take this important step in his tennis journey. Riley is a vibrant, hardworking, and proudly Plett teenager who gives everything he has to the sport he loves. With the backing of the community that has watched him grow, he'll head to the UK not just as a member of the SA Schools Team, but as a spirited

ambassador for the town that shaped him. Riley Clark, FNB, 6242 271 9867

**Probus** – What is it?

The Plett Probus Club is a local association of retired or semi-retired professional or business people who have similar levels of interest, are of good character and are respected in the community.

The objectives of Probus include:  
To stimulate thought, interest and participation in a variety of activities and to create opportunity to make new friends at a stage in life when folk have both the need and the time. As a Probian, you will find membership interesting and satisfying, but what is more important, you will meet and enjoy the fellowship of a group of similarly minded folk, who, like yourself, are expanding their interest and extending their friendships. We have regular meetings either for an informal breakfast or a luncheon during which a presentation on popular current day topics of interest is given at venues in and around Plett. So don't delay – JOIN NOW!

The Experts in Carpet & Upholstery Care!

We're pleased to share that another African Goshawk was successfully released yesterday from our flight tunnel.

The goshawk was picked up by a kind member of the public on the N2 after being found disoriented on the roadside. He suffered a severe concussion with head trauma and marked ataxia, injuries that can quickly become life-threatening without prompt care.

During the two weeks with us, he received, anti-inflammatories, and supportive treatment, gradually regaining strength, balance, and coordination. Once bright, alert, and back to his feisty self, he was tested in our flight tunnel to assess stamina and flight control. When deemed fully fit and capable, we opened the enclosure door and allowed him to leave on his own accord, and he flew off strongly back where he belongs.

A big thank you to the team at Conserve Eden for fitting him with his SAFRING ID ring #PM02013, contributing valuable data to ongoing raptor monitoring and conservation efforts, and to Adriayn Weich who stopped to help him, your quick action made all the difference.

**Boomslang in the car!!**

"There's a boomslang in my car!!!" is a call that I get every summer... This summer I got only three of these calls, although I received dozens of boomslang call outs. The famous boomslang (*Dispholidus typus*) is one of the three most common venomous snakes that occur in Bitou. The other two are puff adders (*Bitis arietans*) and Night adders (*Causus rhombeatus*). Like a couple of other snake species in South Africa (Skaapsteker, Rinkhals), it's Afrikaans name is also its English name.

Boomslang are quite beautiful snakes that occur in an incredible variety of colors: Juveniles are brown or gray above with striking emerald green eyes, they change to adult coloration when they are about 1m long. Females are generally brown with pale bellies. Males from the Western Cape are black above (sometimes with yellow or green in between) with yellow or green bellies, and often turquoise mixed in the whole body.

Boomslang feed on birds (adults, nestlings and eggs), lizards, frogs, rodents and even other snakes.

I often get called in Summer about boomslang hunting around houses, almost always because of birds nesting in trees close to the house or in the roof. In the case of roof nests the boomslang sometimes end

up in houses as they try to find possible routes to the bird's nests! All they want is to get to the nestlings which are easy prey, and the adult birds dive bomb them and make a big noise in their efforts to deter the boomslang. You can often find a boomslang because of the birds pointing it out! Boomslang in cars!! A rare occurrence, which I believe happens by accident. The snake is on its way and something frightens it, so it takes refuge in the closest hiding place... which occasionally turns out to be a car! This is one of the most challenging situations encountered in snake rescue! Because there are so many inaccessible places in a cars body... it can be a 10min situation, or over an hour! This summer I was lucky and in all three situations had the snake out in under 15min! Although boomslang are highly venomous, these shy snakes are loathe to bite and bites are quite rare. Apparently there are two bites a year, which are normally drunk snake handlers! And only 8 deaths from boomslang bites recorded since 1957. Always welcome to WhatsApp pictures to 0741209416 Tiago Rebelo (Snake Rescue) for identification and advice. Please phone for removals and relocations. ## Strandloper Project

Marine Wildlife Strandings in the Garden Route.

If, while enjoying your time on the beach and shoreline, you encounter a stranded species of marine wildlife, please contact your local Marine Stranding organization.

### WHAT TO DO IF YOU FIND A TURTLE.

- 1) Do not return it to the ocean. It has stranded as it is either weak, ill, tired or has ingested plastic.
- 2) Do not place it in a container of water. Turtles are air breathing and can drown if weak and tired.
- 3) Keep it in a dry, ventilated and room temperature box, preferably placing the turtle on a towel.
- 4) Contact the turtle rescue number or the local marine stranding organization.
- 5) Get a location pin

### WHAT TO DO IF YOU FIND A LIVE SEAL.

- 1) Do not try and chase it into the water - it is either tired, undernourished or weak and wants to rest.
- 2) Create a safe zone around it and prevent dogs and crowds from approaching it.
- 3) Call your local marine stranding organization.
- 4) Take a location pin to share with the rescuers.

### WHAT TO DO IF YOU FIND A PENGUIN

- 1) Do not try and chase it into the water - it is either tired, undernourished or weak and wants to rest.
- 2) Create a safe zone around it and prevent dogs and crowds from approaching it.
- 3) Call your local marine stranding organization.
- 4) Take a location pin to share with the rescuers.
- 5) After you have spoken to a marine animal rescuer, and they request you to collect the Penguin, follow their instructions on how to handle it and where to take it. Please be aware that they have extremely sharp beaks and need to be handled with care and cautiously.

### WHAT TO DO IF YOU FIND A DOLPHIN

- 1) Check for any obvious injuries.
- 2) Report to the local marine stranding organization and provide a detailed report of condition and location.
- 3) Unless advised by the stranding organization, do not attempt to return the dolphin to the ocean. Keep it cool by placing wet towels over it and wetting the towels about every 10 minutes.
- 4) Reduce any stress from dogs and crowds.

Responding to Abuse with Care and Expertise

#### SHIELD – Description

SHIELD is a GBV Response and Safeguarding Consultancy focused on providing practical, survivor-centred support and clear response pathways for individuals, organisations and communities affected by Gender-Based Violence.

Our work centres on creating safer responses through compassionate guidance, ethical support practices and strong referral networks. SHIELD assists individuals by offering confidential support, helping them understand their options, and connecting them to trusted services such as counselling, legal assistance, medical care and social support.

In addition to direct support, SHIELD provides awareness talks, educational workshops and safeguarding guidance to com-

munities, schools, organisations and businesses. These sessions aim to increase understanding of GBV, promote prevention, and empower people with the knowledge to respond safely and responsibly.

Our mission is to improve how GBV is responded to — making support accessible, coordinated, trauma-informed and community-focused.

Public Statement on the Dam along the N2 All Media Issued 21 February 2026

Bitou Municipality has resumed with the works at the dam that is along the N2 where the recent tragedy of drowning of a boy.

The dam is at KwaNokuthula opposite the U-Save bushes. The dam was intended for the water to flow underneath the N2 towards the South Cape College.

The culvert has been blocked preventing the proper flow of water to run to the other side of the N2. The excavator to unblock the culvert and clearing of the unwanted bushes has arrived and works resumed since Friday and still proceeding till the culvert is unblocked and the dam is drained to flow over. This intervention is vital to reduce the safety risk to residents.

We appreciate the community's patience and cooperation in improving safety and allowing for a safer environment in all areas, particularly at KwanoKuthula in this instances.
